

**Job Title: Consultant – Evaluation Team**  
**Location: UK, with flexible working options**  
**Salary: Competitive, dependent on experience**  
**Hours: Permanent, 35hrs per week**  
**Start: Aug/Sep 2022**

### **The Company**

Frontline is a management consultancy established in 1991, working with public, private and third sector clients across the UK and Ireland in economic development, organisation design and development, research and evaluation.

Frontline works to transfer skills and knowledge in:

1. People – developing the skills, leadership and organisation capacities that drive performance
2. Evaluation – showing what works, the value gained and where improvement can deliver more
3. Policy – identifying options, supporting decision-making and helping make the best choices
4. Improvement – increasing productivity, efficiency and innovation for better outcomes

Frontline is looking for a Consultant to join their Evaluation Team working across a wide range of projects in economic impact, due diligence, evaluation, and sectoral research.

### **The Role**

As a Consultant your workload will vary in line with the needs of our individual clients from the both the public and private sectors, but you will work on a wide range of economic issues including innovation, skills, business growth, culture, and leisure and tourism.

The role will focus on cross sector quantitative and qualitative analytic work and will include contact with clients. You will be supporting the consulting team, giving you an excellent opportunity to rapidly broaden your experience across several sectors. As part of the team, you will have considerable exposure to senior staff with opportunities for personal and technical development.

### **Responsibilities**

Conducting quantitative and qualitative data research and analysis, to include but not limited to:

- Survey development, set up and management
- Survey analysis – developing tables and charts, providing commentary and reporting
- Interviewing aligned to evaluation and review
- Thematic analysis of consultation and survey responses
- Economic assessment to support evaluation and project appraisal
- Desk based research across market trends, demand and competitor/comparator assessment
- Literature and project information and data review and analysis
- Report writing and presentation of findings to clients

### **Essential Requirements**

- Honours degree (2:1 or higher) in a relevant field (economics, business or similar) with a strong research focus
- 2-5 years' experience in a research or consultancy environment

- Strengths in statistical work, including analysing and presenting data
- Excellent writing and IT skills
- Strong interpersonal, communication and organisational skills
- Capable of organising and managing workload, and adapting to changing project priorities
- Flexible team player
- Self-motivated, self-starter

### **Application**

To apply, please submit a **CV and tailored Cover Letter** to [recruitment@frontlinemc.com](mailto:recruitment@frontlinemc.com)

We are an Equal Opportunities Employer. We do not discriminate on the grounds of gender, race, disability, religion, age or sexuality.

Successful candidates must, by the start of employment, have permission to work in the UK.
